President's Column

Casey Archer, MCBA President

The Mariposa County Bar Association ("MCBA") in-person meetings have resumed on the second Thursday of each month at the Banquet Room of the Miner's Roadhouse 140.

Mark your calendars for our meeting on March 10, 2022, when our speaker will be Dr. Shawn Emery, MD, Medical Lab Director for John C. Fremont and Mercy Merced on the progression of COVID, updates, and Q&A. This promises to be a very informative presentation. Dr. Emery has been researching COVID since January 2020, and was one of the first doctors in our area to sound the alarm. He has a wealth of information and is happy to share.

The MCBA welcomes new members and visitors, and everyone is invited to attend our luncheons. This is a great opportunity to network and take a break from the day to enjoy lunch with friends and colleagues.

It is time to send in your 2022 dues. MCBA Membership is \$35.00 and includes a listing on the MCBA website at www.MariposaBar.org. For new members, the application may be mailed to our PO Box with the yearly dues. If current members would like to maintain membership including their listing on our website, they should send their annual \$35.00 dues to MCBA, PO Box 628, Mariposa, CA 95338.

The State Bar of California has announced it is investigating a data breach after learning on February 24, 2022 that the website www.judyrecords.com published confidential information regarding 260,000 attorney discipline cases in California and elsewhere.

As of February 26, 2022, all the confidential information that had been published on the website had been removed. The records included case numbers, file dates, and information about the allegations, together with the names of complaining witnesses and the identity of attorneys being investigated.

"We apologize to anyone who is affected by the website's unlawful display of nonpublic data," State Bar executive Leah Wilson said in a statement. "We take our obligations to protect confidential data with the utmost seriousness, and we are doing everything we can to ensure that we resolve this issue quickly and prevent any such breaches from recurring."
